

Abilene Insulation worksheet

Use one sheet for the same job. Keep exclusions beside the price.

1. Gather the details

- ☐ Property ZIP, building use and whether the work is inside city limits
-
- ☐ Existing insulation, accessible attic photos and known roof issues
-
- ☐ Attic hatch size or metal-building dimensions and working height
-
- ☐ HVAC equipment, stored items and access restrictions
-
- ☐ Preferred work dates and any existing inspection or energy report
-

2. Compare two written proposals

Question to confirm	Quote A / business	Quote B / business
Work area Which roof, ceiling or wall surfaces are included?		
Preparation Are removal and air sealing included?		
Material What product, thickness and performance are specified?		
Assembly changes How are ventilation and equipment addressed?		
Handover What occupancy instructions and records are supplied?		
Total + exclusions / extra charges
